

ELMO THE MUSICAL

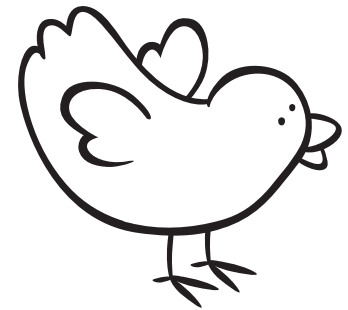

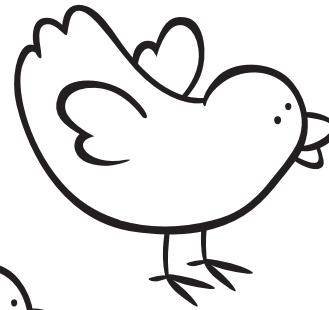

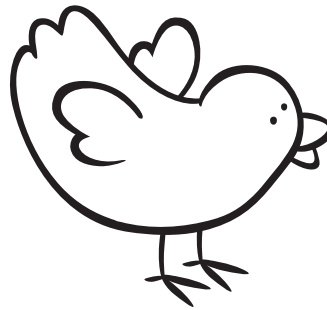

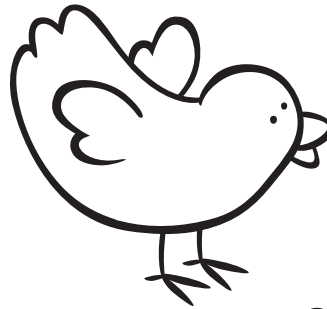

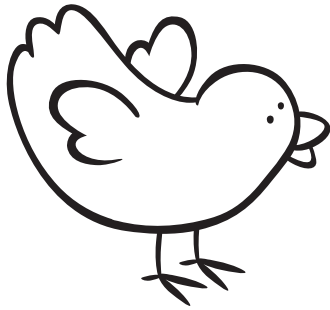

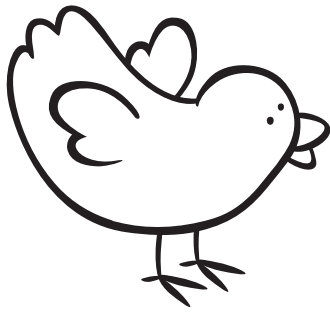

PRINTABLE ACTIVITY SERIES

AIRPLANE

MATH

Ms. Penguin has 3 bridesmaid's dresses, but no bridesmaids to wear them in her wedding! Pilot Elmo is on the lookout for a group that can do the job. First find the group of three chicks and then draw a dress on each one. How many dresses did you draw all together?

Parent Tip:

Ask your child to help you set the table. First, count how many people will be eating. Then, ask how many plates and cups he will need.

Point out that each person will need one cup and one plate.
