

ELMO THE MUSICAL

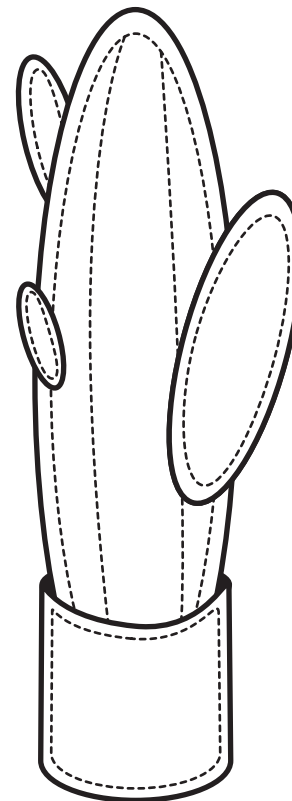

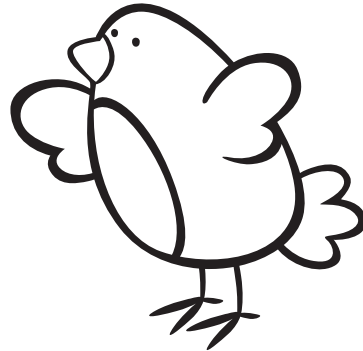

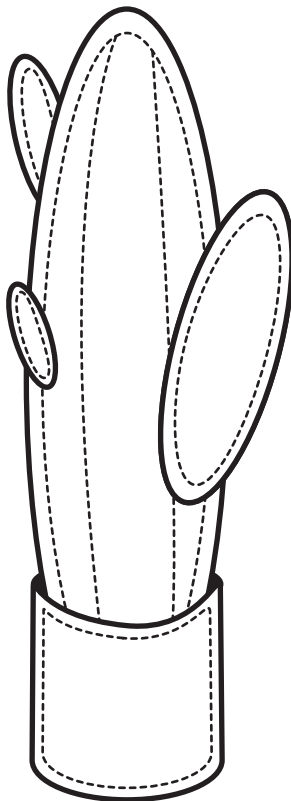

PRINTABLE ACTIVITY SERIES

CIRCUS

MATH

The circus ringmaster is looking for someone who can bounce on a trampoline and land in between two cactuses. Help him figure out who should get the job. Circle the performer who landed in between the cactuses.

Parent Tip:

To help Elmo practice his "in between" act, cut him out of the picture for your child (or use our printable Elmo paper doll). Encourage your child to place Elmo in between different things around your home. Then, switch it up and ask her to place Elmo on top and under.
